## I. Introduction

The primary purpose of this report is to investigate and fully and fairly disclose the actuarial position of the System as of January 1, 2010 and to establish the proper appropriation for the 2010 plan year, in accordance with the funding standards of Section 6 of Act 96, 1971 of the Commonwealth of Pennsylvania as amended.

On the basis of the actuarial methods, assumptions and major plan provisions summarized in this report and in reliance on the member data and statement of the Fund's assets furnished by the County, to the best of our knowledge the information in this report is complete and accurate.

In our opinion, this report presents fairly the financial and actuarial position for the Butler County Employees' Retirement Plan as of January 1, 2010 in accordance with generally accepted actuarial principles, and on the basis of actuarial assumptions and methods which, in the aggregate, are reasonable (taking into account past experience under the System and reasonable expectations) and which in combination represent our best estimate of anticipated experience.

Respectfully submitted,

## II. Findings

### Certified Annual Required Contribution (ARC)

Please note that the certified Annual Required Contribution which is reported on page 13 of this report and which must be funded in 2010 is \$6,095,561.00. This amount is required to be paid by the County from the General Fund.

### Actuarial Adjustments

Also note that the balances in the Reserve Accounts on page 9 reflect the following transfers which are necessary to keep the balance in the Retired Member's Reserve Account equal to the liability for the retired lives and to reflect the difference between the amount of interest credited to the respective reserves and the interest rate assumed in the valuation of the liabilities. Please make these transfers in your records:

|                                         | DEBIT           | CREDIT          |
|-----------------------------------------|-----------------|-----------------|
| County Annuity Reserve Account          | \$ 2,587,132.80 |                 |
| Retired Members Annuity Reserve Account |                 | \$ 2,587,132.80 |

### Assumption Changes

Effective January 1, 2010, the salary assumption and the asset valuation method have been changed. The effect of changing the salary assumption from 4.5% to 3.5% is that the actuarial accrued liability has decreased \$5,905,887. The effect of changing the asset valuation method from five year smoothing to the method approved by the legislature under Act 44 is that the actuarial value of assets has increased by \$7,397,011. The county recognizes the fact that the resulting lower current ARC may be at the expense of higher future ARCs.

### Butler County Employees' Retirement System

Notes to the Financial Statements for the Fiscal Year  
Ended December 31, 2009

#### Summary of Significant Accounting Policies

**Basis of Accounting:** The Butler County Employees' Retirement System financial statements are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions to each plan are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of each plan.

**Method Used to Value Investments:** Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Investments that do not have an established market are reported at estimated fair value.

### Butler County Employees' Pension System

**Plan Description:** The Butler County Employees' Pension Plan is a single-employer defined benefit pension plan that covers all employees of the County. The plan provides retirement, disability, and death benefits to plan members and their beneficiaries. Cost-of-living adjustments (COLA) are provided at the discretion of the Butler County Employees' Retirement Board. Act 96 of 1971, as amended cited as the County Pension Law provides for the creation, maintenance and operation of this plan.

**Contributions:** Plan members are required to contribute 9% of their annual covered salary. The County is required to contribute at an actuarially determined rate. Per Act 96 of 1971, as amended, contribution requirements of the plan members and the County are established and may be amended by the General Assembly of the Commonwealth of Pennsylvania. Administrative costs may be financed through investment earnings.

**Schedule F**

Schedule F determines the certified Annual Required Contribution (ARC) of \$6,095,561 for 2010 for the Butler County Employees' Retirement System.

|    |                                                                                                |              |

| 2. | Normal Cost with interest to end of year (page 10 II 1(e))                                     | \$ 2,018,971 |
| 3. | Total Funding Requirement for 2010<br>(Annual Required Contribution (ARC) for 2010): (1) + (2) | \$ 6,095,561 |

**Notes:**

The Annual Required Contribution (ARC) for 2010 as a percentage of the estimated 2010 compensation (\$31,576,155) for active members is 19.30%.

The equivalent normal cost accrual rate to be applied to actual 2009 salaries to determine reimbursable expenses is 19.98%.

## ***Schedule G***

The following are notes to Schedules B and I:

### **Members' Annuity Reserve Account**

The balance of \$37,632,329.90 in this account is the total of the contributions deducted from the salaries of the active and terminated vested members of the retirement system and the IRC 414(h)(2) pickup contributions together with the interest additions as of January 1, 2010. Since these accumulations represent the present value as of January 1, 2010, of future benefits, the reserve balance and liability are identical.

### **County Annuity Reserve Account**

The balance of \$18,745,102.39 in this account as of January 1, 2010 and the amounts expected to be credited in the future, plus investment earnings, represent the reserves set aside for the payment of the county's share of the retirement allowances.

This is the account out of which regular interest is credited to the member's annuity and retired members' reserve account, administrative expenses may be paid and the pension obligations of the County are funded.

When a County Annuity is scheduled to commence for a particular member, sufficient monies are transferred from the County Annuity Reserve Account to the Retired Members' Reserve Account to provide for such County Annuities actually entered upon.

### **Retired Members' Reserve Account**

This is the account out of which monthly retirement allowances including cost-of-living increases and death benefits are paid.

The assets allocated to this reserve account as of January 1, 2010 amount to \$43,636,045.00. The corresponding liability for those annuitants on the roll is identical.

**Schedule G--Continued**

**Adjustment for Market Value Fluctuation**

In order to reduce the fluctuations in the County normal cost which can result from full recognition of the unrealized appreciation or depreciation of the Fund's securities each year, the value of assets used to determine costs was determined by using the greater of the market value of assets as of the valuation date and adjusting the actuarial value of assets as of the prior valuation date: increased by contributions and other deposits except investment income; decreased by benefit payments and administrative expenses or other payments; and credited with interest at 1% less than the plan's assumed rate to the valuation date. The actuarial value of assets will be limited to a maximum of 130% and a minimum of 70% of the market value of assets as of the valuation date.

## Schedule M

### Actuarial Assumptions and Actuarial Cost Method for Funding Purposes, January 1, 2010.

#### Actuarial Assumptions

**Mortality Rates:** The life expectancy of all members (active and retired) is determined in accordance with the mortality rates set forth in the 1983 Group Annuity Mortality Table.

**Withdrawal Rates:** Members not eligible to retire are assumed to terminate employment in accordance with a percentage of the withdrawal rates set forth in Table T-7 of the Actuary's Handbook. The applicable percentage depends on the member's years of service as follows:

| YEARS OF SERVICE  | PERCENTAGE |
|-------------------|------------|
| less than 1       | 300 %      |
| 1 but less than 2 | 275 %      |
| 2 but less than 3 | 250 %      |
| 3 but less than 4 | 225 %      |
| 4 but less than 5 | 200 %      |
| 5 but less than 6 | 175 %      |
| 6 or more         | 100 %      |

It is further assumed that a percentage of members who terminate after having met the Plan's five year vesting requirement will elect an immediate refund of their own contributions with interest thus forfeiting the County -- provided pension. The applicable percentage is 100% for termination ages up to age 30. After age 30 the applicable percentage is determined as 100% less  $(\text{age} - 30) \times 3 \frac{1}{3}\%$ . Illustrative percentages are as follows:

| AGE        | PERCENTAGE |
|------------|------------|
| 30 or less | 100.0 %    |
| 35         | 83.3 %     |
| 40         | 66.7 %     |
| 45         | 50.0 %     |
| 50         | 33.3 %     |
| 55         | 16.7 %     |

**Retirement Rates:**

Members eligible to retire are assumed to retire in accordance with the following rates:

| AGE AT BEGINNING OF YEAR | PROBABILITY OF RETIRING DURING YEAR |
|--------------------------|-------------------------------------|
| 55-59                    | .07                                 |

**Disability Rates**

Disability rates are not used.

**Investment Return**

7.5% per annum, compounded annually.

**Salary Increases**

3.5% per annum.

**Valuation Assets**

The greater of the market value of assets as of the valuation date and the actuarial value of assets as of the prior valuation date plus contributions and other deposits except investment income minus benefit payments and administrative expenses or other payments plus credited interest at 1% less than the plans' assumed rate to the valuation date. The Actuarial Value of Assets will be limited to a maximum of 130% and a minimum of 70% of the market value of assets as of the valuation date.

**Administrative Expenses**

Assumed to be paid from the County's general fund and not from plan assets. However, administrative expenses may from year to year be paid from the fund unless it is determined by the actuary that such payment will impair the actuarial soundness of the fund.

**Schedule M--Continued****Actuarial Cost Method**

The actuarial cost method used to determine the plan's funding requirements is the entry age normal method. Under this method, an actuarial accrued liability is determined as the actuarial present value of projected benefits for all participants minus the actuarial present value of future normal costs. The normal cost is determined as the annual amount required to fund between entry age and assumed exit age the actuarial present value of projected benefits for each active participant under the assumed retirement age.

**Changes Since Prior Year**

The Salary Increases was changed from 4.5% per annum to 3.5% per annum. The method of determining the Valuation Assets was changed from a 5-year smoothing method to the method as defined in Act 44. There were no other changes in plan provisions since the previous actuarial valuation as of January 1, 2009.

## Schedule N

### Summary of Plan Provisions

1. **Effective Date** The effective date of this plan is January 1, 1971.
2. **Eligibility for Plan Membership** An employee shall be eligible to become a participant immediately upon becoming an employee.
3. **Accrued Benefit** The Retirement Board has authorized benefits equal to a percentage of the members Final Average Salary for each year of service the member has participated in the following Classes:

| <u>CLASS</u> | <u>PERCENTAGE</u> | <u>EFFECTIVE</u>         |
|--------------|-------------------|--------------------------|
| 1/120        | 0.833%            | 01/01/1971               |
| 1/100        | 1.000%            | 01/01/1978               |
| 1/80         | 1.250%            | 01/01/1985               |
| 1/70         | 1.429%            | 01/01/1989               |
| 1/60         | 1.667%            | 01/01/1993               |
| 1/40         | 2.500%            | 01/02/2004 (retroactive) |
| 1/60         | 1.667%            | 04/01/2009               |

4. **Normal Retirement (Superannuation)** *Eligibility:* Retirement occurs at age 60 or at age 55 if the participant has completed 20 years of service.

*Pension:* A monthly pension equal to (a) or (b), as follows:

- (a) 2.500% of 1/12th of Final "Average" Salary multiplied by years of credited service on the 1/40 Class for all participants hired prior to 04/01/2009,
- (b) 1.667% of 1/12 of Final "Average" Salary multiplied by years of credited service on the 1/60 Class for all participants hired on or after 04/01/2009,  
PLUS
- (c) a monthly annuity based on the actuarial equivalent of the member's accumulated contributions with credited interest.

### ***Schedule N--Continued***

- 5. Final "Average" Salary**      The average of the member's annual compensation received for the three years which produce the highest such average.
- 6. Compensation**      Pick-up contributions plus remuneration received as a county employee excluding refunds for expenses, contingency and accountable expense allowances and excluding severance payments or payments for unused vacation or sick leave.
- 7. Early Retirement**      ***Eligibility:***
- Voluntary:*** Upon completion of 20 years of service.
- Involuntary:*** Upon completion of 8 years of service.
- Pension:***
- (a) a monthly pension equal to the actuarial equivalent of the benefits calculated in 4(a),
- PLUS
- (b) a monthly annuity based on the actuarial equivalent of the member's accumulated contributions with credited interest.
- 8. Vesting**      One Hundred Percent (100%) upon completion of five years of credited service. A member who terminates employment after five years of credited service will receive a deferred annuity commencing at age 60 (or at age 55 if the member has at least 20 years of service at termination). The deferred benefit shall be calculated using the normal retirement pension formula but based on credited service, final average salary and accumulated contributions at termination.
- If a member terminates employment prior to entitlement to Plan benefits, he will receive his accumulated contributions with interest.
- 9. Postponed Retirement**      A member may work past normal retirement age and continue to accrue pension credits.

### ***Schedule N--Continued***

#### **10. Disability Retirement**

**Eligibility:** Total and permanent disability prior to Superannuation (Normal Retirement) age and after completion of five years of credited service.

**Pension:** A total monthly pension commencing on the last day of the month following disability retirement equal to 25% of the 1/12th of Final Average Salary at time of retirement. Such total monthly pension shall include the monthly disability that is actuarially equivalent to the member's accumulated contributions at retirement.

#### **11. Normal Form of Pension**

Benefits are payable in the form of a modified cash refund life annuity, that is for the member's lifetime only, except that disability benefits shall cease upon cessation of disability.

#### **12. Optional Retirement Benefits**

A member may elect to receive the actuarial equivalent of his retirement benefit as a full cash refund annuity (Option One) or a reduced joint and survivor pension payable for the remainder of his life, with either 100% or 50% of the member's pension continuing after death to the designated beneficiary. A member may also elect to receive, in one payment, the full amount of his accumulated deductions and continue to receive the annuity provided by the county.

#### **13. Death Benefits**

- (a) Pre-Retirement. If a member dies after having attained age 60 or having completed ten years of credited service, his beneficiary will receive a lump sum equal to the actuarially determined present value of the benefits calculated in (7a) based on the member's Final Average Salary and credited service at time of death plus the member's accumulated contributions with interest at time of death.
- (b) Post-Retirement. Upon the death of a terminated or retired member, his beneficiary will receive survivor benefits, if any, in accordance with the form under which benefits were being paid to the member. In any event, the total amount of benefits paid to the deceased member and beneficiary must, at least, equal the member's accumulated contributions with interest.

**Schedule N--Continued**

**14. Employee Contributions**

Employees on the 1/80 Class must contribute between 7% and 17% of salary.  
 Employees on the 1/70 Class must contribute between 8% and 18% of salary.  
 Employees on the 1/60 Class must contribute between 9% and 19% of salary.  
 Employees on the 1/40 Class must contribute between 9% and 19% of salary.

**15. Deposit Administrator**
